MISSION

My goal is to design inclusive and intuitive experiences that evoke delight. I am currently seeking an internship or full-time position in **User Experience** or **Product Design** upon my graduation in May 2022.

EXPERIENCE

Digital Media and Production Intern

AECOM

Burlington, NJ / Remote | May 2021 - December 2021

* Designing an updated website to align with AECOM's rebranding guidelines with user research, competitive analysis, wireframing, designing, prototyping, and HTML/CSS development processes

* Redesigning and producing service sheets for the AECOM Burlington departments and company services

* Serving as the co-lead for an intern research presentation regarding an analysis report and recommendations for updated AECOM human resource objectives

New Media Club Webmaster

RIT New Media Club

Rochester, NY | August 2021 - May 2022

* Promote activities and events through the management of the club website with HTML/CSS/JS

* Work as a team of students to plan events and design social media advertisements throughout the academic year

Student Ambassador

Rochester Institute of Technology Admissions

Rochester, NY | February 2021 - Present

* Providing resources, answer questions, and explain my personal experiences and satisfaction with the college.

* Directing visiting prospective students through a guided tour of RIT's main campus
